

PANTHELLA 160 PORTABLE

(INTERNAL NAME V3)

DESIGN BY VERNER PANTON

PANTHELLA 160 PORTABLE V3 BY VERNER PANTON

Updates in technology and sourcing allows Louis Poulsen to introduce a version 3 of the Panthella 160 Portable to offer an even more attractive product in design and price.

Some of the Panthella 160 Portable V3 features are:

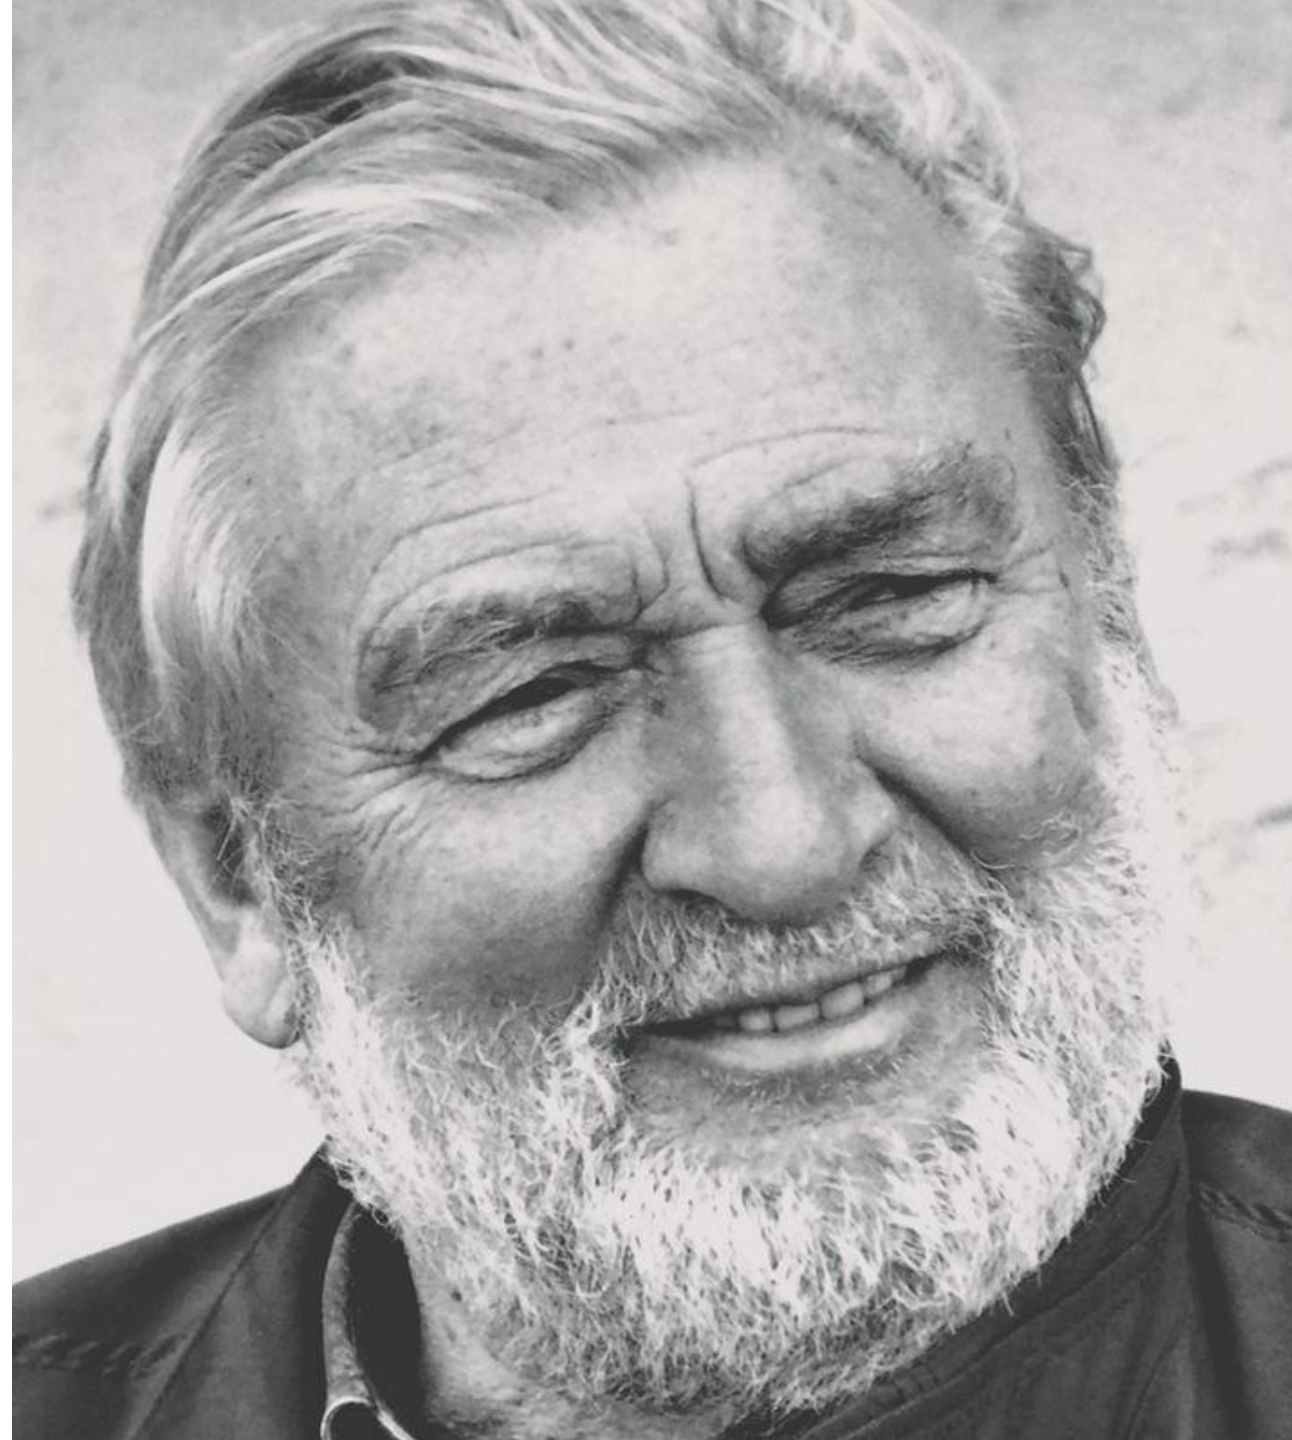

- Same design, look and finish as V2
- New touch dim on/off at the top nut – no switch
- Stronger battery time from 5 hours to 8,5 hours @100%
- No metal shades, only polymer shades (Opaque)
- All shades same thickness now
- USB-C charging - no Qi charging
- Competitively priced due to updated technology and new sourcing
- Full colour palette with 6 new variants – in total 13 variants

VERNER PANTON

Verner Panton (1926-1998) brought real disruption into what the World knew as the Danish Design. Fine wood craftsmanship was the status quo in the 1950's when Panton introduced his otherworldly design universe of unseen shapes, novel materials, and intense colours.

Over the course of his career, Panton introduced a series of modern lamps with personalities unlike any of his Scandinavian contemporaries.

STORY BEHIND

Originally designed in 1971, the Panthella has since become recognised as one of Verner Panton's most significant designs. The recognisable, soft organic shape of the table lamp is not only beautiful but also functional, with a hemispherical shade that directs light downward onto the trumpet shaped base, which reflects the light in a uniform manner. The Panthella 160 Portable is a petite and portable version of the classic Verner Panton design, with a shade that is just 160 mm in diameter. It is perfect for use around the home, as well as other locations.

The lamp is equipped with built-in LED. The lamp is turned on and off on the top knot with step dim touch.

PRODUCT INFORMATION

Mounting: Cable length: 1.5 m. USB-C to USB-C cable for standard USB adaptor (min. 1.5A). Adaptor is not included.

Light indicator on base when charging. Light control: Touch switch on top nut. Step dim, short press: 0%/10%/33%/100%. Power off: Medium press. Lock/Unlock: Long press.

Weight: 0,4 kg.

Dimensions: 160 mm. x 241 mm. x 160 mm. US: 6.3 x 9.5 x 6.3 inches

Battery charging time: 5 hours.

Operation time appr.:

- @100% - 8,5 hours of light
- @33% - 25,5 hours of light
- @10% - 79 hours of light

Light source: LED 2700K 2.5W. Lumen: 150 lm (opal versions), 120 lm (opaque versions)

Battery: Battery: 1 x Li-Ion 18650 (3100 mAh), Rechargeable and replaceable. Battery replaceable by qualified person. Available as spare part.

Class: Ingress protection IP44. Electric shock protection III

HOW TO IDENTIFY THE DIFFERENT PANTHELLA PORTABLE VERSIONS

V1

Square product label sticker

V2

Round product label sticker

V3

All silicon pad printed product label

PANTHELLA PORTABLE OVERVIEW

V1

Battery Li-Ion, rechargeable

Battery lifetime 5 hours @ 100%

Step-dim 0%/10%/33%/100%

Power USB-C cable for standard USB adapter (min. 1.5A)

Light control Switch on base

Light source Built-in LED 27K

Water resistance IP23, not approved for damp locations

V2

Batteries 3 x AA NiMH, rechargeable, replaceable

Battery lifetime 5 hours @ 100%

Step-dim 0%/10%/33%/100%

Power USB-C cable for standard USB adapter (min. 1.5A) or Qi wireless charger

Light control Switch on base

Light source Built-in LED 27K

Water resistance IP44, approved for damp locations

V3

Batteries Li-Ion 19650 (3100 mAh), rechargeable

Battery lifetime 8.5 hours @ 100%

Step-dim 0%/10%/33%/100%

Power USB-C cable for standard USB adapter (min. 1.5A)

Light control touch button on top nut

Light source Built-in LED 27K

Water resistance IP44, approved for damp locations
